

Identity Assurance Profiles: Data Attributes, UF Directory Affiliations, & EduPerson Affiliations

This guide is designed for Registration Authorities (RAs). To perform the work of an RA, you must have the UF_IDM_PROOFING_RA security role, which grants access to the Identity Credential Proofing (ICP) application in myUFL. The following serves as an overview of the data attributes, UF Directory Affiliations, and EduPerson Affiliations that are required for each of UF's Identity Assurance Profiles: Silver, Bronze, Basic, Self Asserted, and Guest. For a complete coverage of RA-related content and skills, please see the following online course: BRG600 Identity Proofing.
