
Making an Electronic Funds Transfer (EFT) Deposit

If you are expecting an EFT or Wire payment from a customer, please notify Treasury Management. Sometimes the EFT/ACH/Wire notices ("addendums") do not indicate for whom the payment is for; if this is the case, your payment will be delayed while we try to identify to which department it relates. All EFT/ACH/Wire payments that are received are listed on the "EFT/Cashier Daily Log" and payments that we don't know to whom it belongs are listed on the "Unapplied Wire/EFT Transfers" list. Both lists can be found at www.fa.ufl.edu/treasury.

When Treasury Management receives a payment and identifies the department to which it relates, they will notify the receiving department and send them an addendum. At that point you can make the EFT deposit into myUFL.

EFT payments should be entered as separate deposits; If there are multiple payments received with the same accounting date, they may be entered as one deposit with separate sequences.

Scenario: Treasury Management has faxed you an EFT Addendum. Deposit the \$250.00 noted on the document.
