For assets (items costing over \$5000 and nonconsumable), document their receipt by checking the Asset Purchase checkbox in the header of the invoice and completing the following fields:

- Received Date
- Location
- Manufacturer
- Responsible Individual
- Serial Number

Before you do this, confirm that the asset has arrived by routing the invoice to your reviewer.

1. Ask the reviewer to attach documents that confirm that the asset has arrived. Document(s) provided will need to include the legible name of the person who received the asset and date. A signed and dated packing slip, signed and dated invoice or an email stating the item has arrived can be used to confirm receipt.
2. Click the **Work** icon to interact with the invoice.

The screenshot shows a form with the following fields:

- Vendor Number: [text input]
- Vendor Address: [text input]
- Short Pay Reason Code: [dropdown menu with 'Select...' and a downward arrow]

3. Click the **Asset Purchase** checkbox.
