3. Search for charges by Employee ID and Statement Status
4. Clear All transaction checkboxes already checked
5. Select one or more transactions to verify or approve
6. Search for the Category ID per transaction
7. Complete the ChartField string for each transaction
8. Enter a Description for each transaction
9. Update the status of each transaction from Staged to Verify or Approved
10. Save

NAVIGATION
1. Click the Navbar
2. Click Main Menu
3. Click Financials
4. Click Purchasing
5. Click Procurement Cards
6. Click Reconcile
7. Click Reconcile Statement

PROCESS
1. Enter the cardholder’s UFID.
2. If you do not know the cardholder’s UFID, click the Employee ID look up icon to search for the cardholder.
3. Click the Look Up button to view your cardholders.
4. Click a name to select a cardholder from the list.
5. Select the Statement Status needed:
   a. For new, unprocessed charges, select Staged.
   b. For charges that have been verified and are awaiting approval, select Verified.
6. Click the Search button
   Note: Clicking the Search button with no UFID and Statement Status selected will result in a long wait time for results.
7. Click View All and Select Transaction
   a. Click the View All link to view all the transactions pending. myUFL will initially only display 9 rows.
8. Click the Clear All link to uncheck any transaction checkboxes already clicked to prevent accidental approval.
9. Select the transaction you would like to process by clicking the checkbox by it.
10. Search for Category ID
11. Click the Look up Category (Alt+5) button.
a. Enter a keyword into the **Description** field with which to search.
   i. For example, enter "travel".
   b. Change the **dropdown** from “begins with” to “contains”
   c. Click the **Look Up** button.
   d. Click the **Category ID** to select.

12. Complete **ChartFields**.

13. Click the **Distribution** button to complete the ChartFields for this transaction.
   a. Some ChartFields may populate by default from the information which was provided on the cardholder’s PCard Application. The ChartFields for each transaction can be changed as needed.
   b. If the defaulting ChartField information needs to be changed, e-mail the cardholder’s name, UFID, and ChartField information to [pcard@ufl.edu](mailto:pcard@ufl.edu).
14. For example, click the Look up Account (Alt+5) button.
   a. Click the Description dropdown.
      i. Click the “contains” list item.
   b. Enter a keyword into the Description field with which to search.
      i. For example, enter "travel".
      ii. Click the Look Up button.
      iii. Click the IN STATE TRAVEL link to select it.
15. Click the built-in ChartFields scrollbar to view the rest of the ChartFields.
16. For entering a grants project, please use the following values:
   a. For PC Bus Unit, always enter "GRANT"
   b. For Project, enter the Project ID number
   c. For Activity, always enter "1"
17. Click the OK button when the ChartFields are completed.
18. Enter a Description
19. Click the Billing tab.
   a. This is a required field with a 60-character limit. The description must describe the items purchased in as much detail as possible. "Supplies" is not a sufficient description. It must not be the same description as the account code. For transactions with multiple items, list the items. The item costing the most should be listed first, followed by other items, until the list is complete, or you run out of room. Use the Comments link at the bottom of the Reconcile Statement page to provide additional information related to transactions.
20. Enter a description of the item(s) purchased in the Description field.
21. Click the Transaction tab to return.
   a. Note: To move the Description field to the front tab, please see “Viewing Your Description Field – How to Customize the Reconcile Statements Page” instruction guide and UPK simulation, found on the Procurement Toolkit.
22. Update Status
23. Click the Status list for each transaction.
24. Click the Verified list item.
   a. Verifiers can process the transaction but cannot commit funds. Verifiers who are also Approvers (but not on their own PCards) can change the status to Approved. No additional action is required.
   b. When the status is changed to Approve, the system will instantly budget check. Check the columns ChartField Status and Voucher Error for the status of each transaction’s voucher.
25. You may also approve or verify multiple transactions at once by:
   a. Checking the box for each transaction to select
   b. Clicking the Verify or Approve button at the bottom of the page
26. Click Save
