

Approving or Verifying a PCard Transaction

OVERVIEW

Approve or verify a cardholder's PCard statements in myUFL with the following steps:

1. Navigate to the **Reconciliation Statements Search** page
2. Leave the **Role Name** dropdown blank
3. Search for charges by **Employee ID** and **Statement Status**
4. **Clear All** transaction checkboxes already checked
5. Select one or more transactions to verify or approve
6. Search for the **Category ID** per transaction
7. Complete the **ChartField** string for each transaction
8. Enter a **Description** for each transaction
9. Update the **status** of each transaction from **Staged** to **Verify** or **Approved**
10. **Save**

STEPS

1. Click **Main Menu**
2. Click **Purchasing**
3. Click **Procurement Cards**
4. Click **Reconcile**
5. Click **Reconcile Statement**
6. Enter the cardholder's **UFID**.
7. If you do not know the cardholder's UFID, click the **Employee ID (Alt+5) look up icon** to search for the cardholder.
 - Click the **Look Up** button to view your cardholders.
 - Click a name to select a cardholder from the list.
8. Select the **Statement Status** needed:
 - a. For new, unprocessed charges, select **Staged**.
 - b. For charges that have been verified and are awaiting approval, select **Verified**.
9. Click the **Search** button (*Note: Clicking the Search button with no UFID and Statement Status selected will result in a long wait time for results.*)

The screenshot shows the 'Reconcile Statement Search' form. The following fields are highlighted with red boxes: 'Employee ID' (with a magnifying glass icon), 'Statement Status' (a dropdown menu), and the 'Search' button at the bottom left. Other visible fields include Role Name, Name, Card Issuer, Card Number, Transaction Number, Merchant, Sequence Number, Line Number, Billing Date, Budget Status, Chartfield Status, Transaction Date, Charge Type, and Posted Date.

Approving or Verifying a PCard Transaction

17. For example, click the **Look up Account (Alt+5)** button.
 - a. Click the **Description** dropdown.
 - i. Click the "contains" list item.
 - b. Enter a keyword into the **Description** field with which to search.
 - i. For example, enter **"travel"**.
 - ii. Click the **Look Up** button.
 - iii. Click the **IN STATE TRAVEL** link to select it.
 18. Click the built-in ChartFields **scrollbar** to view the rest of the ChartFields.
 19. For entering a grants project, please use the following values:
 - a. For **PC Bus Unit**, always enter **"GRANT"**
 - o For **Project**, enter the Project ID number
 - o For **Activity**, always enter **"1"**
 20. Click the **OK** button when the ChartFields are completed.
 21. Enter a Description
 22. Click the **Billing** tab.
 - a. This is a required field with a 60-character limit. The description must describe the items purchased in as much detail as possible. "Supplies" is not a sufficient description. It must not be the same description as the account code. For transactions with multiple items, list the items. The item costing the most should be listed first, followed by other items, until the list is complete, or you run out of room. Use the Comments link at the bottom of the Reconcile Statement page to provide additional information related to transactions.
 23. Enter a description of the item(s) purchased in the **Description** field.
 24. Click the **Transaction** tab to return.
- Note: To move the **Description** field to the front tab, please see "Viewing Your Description Field – How to Customize the Reconcile Statements Page" instruction guide and UPK simulation, found on the Purchasing Toolkit, at <http://www.hr.ufl.edu/training/myUFL/toolkits/purchasing.asp> in the PCard section.
25. Update Status
 26. Click the **Status** list for each transaction.
 27. Click the **Verified** list item.
 - a. Verifiers can process the transaction but cannot commit funds. Verifiers who are also Approvers (but not on their own PCards) can change the status to Approved. No additional action is required.
 - b. When the status is changed to **Approve**, the system will instantly budget check. Check the columns **ChartField Status** and **Voucher Error** for the status of each transaction's voucher.
 28. You may also approve or verify multiple transactions at once by:
 - a. Checking the box for each transaction to select
 - b. Clicking the **Verify** or **Approve** button at the bottom of the page
 - c. Save
