CHANGING A SCHOLARSHIP AWARD

The following instruction guide will walk you through the process of changing a scholarship award. To perform this function, you must also complete SFA100: Reporting College and Department Scholarships through myTraining. Once you have completed training you may request the following security roles from your DSA: UF_FA_EXT_EXT_AWD_UPT and UF_FA_PP_SFA_INSTITUT_SCHOLAR. Both roles are required to perform this function.

NAVIGATION

Use the following navigation to navigate to the Add External Awards to Student page:

1. Click the NavBar icon
2. Click Main Menu
3. Click Student Information System
4. Click Financial Aid
5. Click Awards
6. Click External Awards
7. Click Add External Awards to Student

SEARCHING FOR STUDENTS

Locate the student to which you wish to add a new scholarship.

1. Enter UFLOR as Academic Institution.
2. Enter the appropriate Aid Year.
   - The aid year is the last year of the academic year. For example, if you are considering awarding a scholarship for the Fall, Spring or Summer 2018-2019 academic year, you would enter 2019 as the aid year.
   - You can use the magnifying glass to locate the appropriate aid year, if desired.
3. Enter the student’s UFID in the ID field.
4. Click the Search button.
**ADDING TO AN AWARD**

After bringing up the appropriate award type, adding additional disbursements and/or amounts to an already entered award is completed in the Disbursements Table. The entered updates override the previous award data.

1. Insert the **type of scholarship** into the **Item Type** field.
   - The **Item Type** is a 12-digit number that identifies the scholarship.
   - If you don’t know the item type number of the scholarship you are updating, you can find it by using the magnifying glass and typing in the full or partial name of the scholarship in the **Description** field.

2. Enter the **total amount** of the updated award in the **Amount** field.
   - For example, if the previous award was for $1000.00 and you were adding an additional $300.00 to the award, the **Amount** field will be $1300.00

3. Always enter ‘**AY**’ as the **Disbursement Plan**.
   - AY stands for Academic Year.

4. Enter the appropriate **Split Code**.
   - The split code determines how the award disburse across terms.
   - For example, if you want the award to disburse across the fall and spring terms of the academic year, enter ‘FS’. If you want the award disbursed across the fall, spring and summer, enter ‘AY’.

5. Enter all the disbursement terms for the updated award in the Disbursements table.

   ![Disbursement Table](image)

   - Enter “1” in the **Disb Nbr** field.
   - Enter “01” in the **Disbt ID** field.
   - Enter the amount of the first disbursement in the **Scheduled Award** field.
   - Enter the term of the first disbursement in the **Term** field.
   - Click the plus sign to add a new row
   - Enter “2” in the **Disb Nbr** field.
   - Enter “02” in the **Disbt ID** field.
   - Enter the amount of the second disbursement in the **Scheduled Award** field.
   - Enter the term of the second disbursement in the **Term** field.
   - Click the plus sign to add a new row
In this example, we are adding an additional $300 to a $1000 award to be disbursed in the summer 2019 (2195) term.

15. Enter “3” in the Disb Nbr field.
16. Enter “03” in the Disbt ID field.
17. Enter the amount of the third disbursement in the Scheduled Award field.
18. Enter the term of the third disbursement in the Term field.

```
<table>
<thead>
<tr>
<th>Disb Nbr</th>
<th>Disbt ID</th>
<th>Scheduled Award</th>
<th>Disbursed Amount</th>
<th>Term</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>01</td>
<td>700.00</td>
<td>0.00</td>
<td></td>

<tr>
<td>2</td>
<td>02</td>
<td>300.00</td>
<td>0.00</td>
<td></td>
</tr>
<tr>
<td>3</td>
<td>03</td>
<td>300.00</td>
<td>0.00</td>
<td></td>
</tr>
</tbody>
</table>
```

### REDUCING AN AWARD

It is important to notify the student when anything changes with his/her award, but extremely important if you are reducing or canceling an award. It is critical if you are reducing/canceling an already disbursed award. If an award has already been paid, reducing the award will cause the aid to undisbursed and whatever charges the award had initially paid will become unsatisfied. This can cause serious repercussions such as:

- The student owing money to the university once more
- Late fees
- Being removed from class

1. From the Add External Awards tab, insert the **type of scholarship** into the **Item Type** field.
   - The **Item Type** is a 12-digit number that identifies the scholarship.
   - If you don’t know the item type number of the scholarship you are updating, you can find it by using the magnifying glass and typing in the full or partial name of the scholarship in the **Description** field.

2. Enter the **total amount** of the reduced award in the **Amount** field.
   - For example, if the previous award was for $1000.00 and you are reducing it by $500.00, the updated **Amount** field will be $500.00
3. Always enter ‘AY’ as the **Disbursement Plan**.
   - AY stands for Academic Year.

4. Enter the appropriate **Split Code**.
   - The split code determines how the award disburse across terms.
   - For example, if you want the award to disburse across the fall and spring terms of the academic year, enter ‘FS’. If you want the award disbursed across the fall, spring and summer, enter ‘AY’.

**NOTE:** The entered updates override the previous award data.

5. After the updated award processes, click the View Award Summary tab > Disbursement link to confirm the reduced award amount.

---

### CANCELING AN AWARD

A scholarship award can be completely canceled if needed. Remember, it is critical if you are reducing/canceling an already disbursed award to contact the student prior. If an award has already been paid, canceling the award will cause the aid to be undisbursed and whatever charges the award had initially paid will become unsatisfied. This can cause serious repercussions such as:

- The student owing money to the university once more
- Late fees
- Being removed from class

1. From the Add External Awards tab, insert the **type of scholarship** into the **Item Type** field.
   - The **Item Type** is a 12-digit number that identifies the scholarship.
   - If you don’t know the item type number of the scholarship you are updating, you can find it by using the magnifying glass and typing in the full or partial name of the scholarship in the **Description** field.

2. Enter the **0.00** in the **Amount** field.
3. Always enter ‘AY’ as the Disbursement Plan.
   - AY stands for Academic Year.
4. Enter the appropriate Split Code.
   - The split code determines how the award disburses across terms.
   - For example, if you want the award to disburse across the fall and spring terms of the academic year, enter ‘FS’. If you want the award disbursed across the fall, spring and summer, enter ‘AY’.
5. Click the Save button.
6. After the award processes, click the View Award Summary tab.
7. Notice the Status field reads “Cancelled” and the Offered and Accepted fields display 0.00 (zero).
