PROCESS

Regardless of whether you go to the Student Services Center or Advisee Student Center, you will first do the following:

1. Enter the student’s UFID in the ID field
2. Click the Search button

3. Regardless of whether you go to the Student Services Center or Advisee Student Center, click the Academics tab

4. Be sure you are on the correct program by clicking on the Program Name.

Note: When you select a stack, the text will turn dark grey. This way you know you are working on the correct program.
5. Click the **Edit Program Data** button.

![Edit Program Data](image)

6. Click the **(+) plus sign** to add a new row.

![Add New Row](image)

7. Enter **PLNC** in the **Program Action** field. PLNC means Plan Change. You can also click the look up icon (magnifying class) to search for the program action code.

8. Enter **CMAJ** in the **Action Reason** field. CMAJ means Change Major. You can also click the look up icon (magnifying class) to search for the action reason code.

![View All](image)
11. Both plans display. In the new plan section, enter %ba in the Academic Plan field to search for all plans with BA in the name.

**QUICK TIP!**

The percent sign % is known as a wildcard. If you want to conduct a partial search, you can enter the % sign, along with other desired characters. In our example, we want to see all academic plans that end in BA.

In order to see all of these plans, we enter %ba. Upon clicking the look up icon, we will see all academic plans that end with BA.

If we wanted to see all plans that begin with a certain character, we would enter that character, followed by the percent sign. For example, if we want all plans that begin with an E we would enter e%.

12. Click the look up icon to search.

13. Click on the desired academic plan. In this example, the desired plan is CRI_BA.

14. Click the View 1 link to minimize the other Academic Plan.
15. If the Academic Plan has a sub-plan, click the **Student Sub-Plan** tab.

16. Be sure you are on the correct plan. From here you would either enter the **Academic Sub-Plan** code or click the look up icon next to the **Academic Sub-Plan** field to search for the code. In this example, the plan does not have an academic sub-plan.

17. Once you have entered all of the necessary information, click the **OK** button.

18. The new **Academic Program** displays. Click the **new program name** link to see the change.

19. The program name will change to gray text. Here you can see the new **Plan** listed. The plan change is now complete.

STUDENT PROGRAM PLAN ACADEMIC STRUCTURE, TERMS, AND RULES

It is important for advisors to understand academic structure and the related terminology before making updates to a student’s academic program. Academic Structure is a term used by the Office of the University Registrar for all the things that need to be in place to create the rest of the Student Information System. This includes degree programs (majors, and degrees) and other offerings such as minors, concentrations, and certificates. This information is organized into what Campus Solutions calls Careers, Programs, Plans, and Sub-Plans. Advisors will need to identify which career, program, and plan a student is in before making any updates.

TERMS

1. **Career**: is the student’s classification such as Graduate or Undergraduate
2. **Program**: is the student’s classification plus college such as a Graduate student in the College of Agricultural & Life Sciences
3. **Plan**: is the major plus degree such as a Bachelor of Arts in Anthropology or a minor or certificate level
4. **Sub-Plan**: is a concentration/emphasis/specialization or a certificate
5. **Student Program/Plan**: a student’s career, program, plan, and sub-plan
6. **Student Groups**: identified groups to be tracked

   For example, UF Online, Innovation Academy, and self-funded programs can be identified by Student Groups.

7. **Stack**: unique collection of a student’s career, program, plan and sub-plan

Below is how a student’s program/plan will appear in the Student Services Center.

RULES-UNDERGRADUATE AND PROFESSIONAL CAREERS

1. There is 1 stack per program (college). 1 program stack can have multiple major plans attached.
2. If there are 2 major plans in 2 different colleges, there will be 2 stacks (1 for each college).
3. If the student is changing colleges, it is a program change. The user must enter the previously recorded admit term and requirement term.
4. Degree attributes are not used for UGRAD and PROF career stacks.
5. Undergraduate advisors can change the major of a student with 1 major plan, to another major plan, and can update the requirement term. Other updates should be made by the Registrar’s Office.
RULES-GRADUATE CAREERS

1. There is 1 stack per major plan, no matter what.
2. Minors are attached to the major and degree plan, so they do not “float” or “move” from stack to stack within the career.
3. Program changes do not exist. The only allowable plan change is a minor plan change.
4. Major changes don’t exist, meaning there will never be a program change. Users will always start with a new stack for a new major plan, and discontinue old stacks as needed.
5. When creating new stacks, the admit term must remain the same. The student’s admit term will always be the first term the student started in any graduate career program.
6. Degree attributes reflect degree options for different students such as thesis/non-thesis or joint graduate-professional. A custom batch job will default degree attributes to any new grad career plan, and graduate department coordinators can make limited manual adjustments.
7. Graduate department coordinators can add new stacks, discontinue existing stacks, add and remove minors, and update degree attributes.

RULES-CERTIFICATE STACKS (ALL LEVELS)

1. Certificates are always free-standing stacks. They are all in the UGRAD career, with a UNXXX program.
2. These stacks are built when a student is admitted to a certificate program.
3. The only changes to certificate stacks will be to DISC (discontinue), and/or COMP (complete) these stacks as students are certified and awarded the certificate.
