## HOW TO CREATE OR EDIT A QUERY SOURCE

The following guide will walk you through the process of creating or adding a query source in Enterprise Analytics.

## NAVIGATION

Login into myUFL and navigate to:

Nav Bar > Main Menu > Enterprise Analytics > Access Enterprise Analytics

1. Navigate to your Report and Click the Report icon.

÷.	∎× <mark>∕</mark> ∽ ⇔ ⊳	Customer churn information by zip code 🗸 🗸	« ֆ Զ @
ඛ	ⓒ ⊙ Report > Pages > Page1		🕞 Page design 🗸 🏚 🎫
	Insertable objects	Customer Churn by Zip Code: Letters V Number of Customers: <count></count>	Ŧ
۲			
*	Q, Find ♥18 Teles cultorer d'um B: PO O'um B: No'Um > Sa Demografica > Sa Location > Sa Location > Sa Population > Sa Services > Sa Status	Casterie ID     Casterie ID     Contrast     Percent Service     Traver Monthalve     Exclusionation     CutV     Chan Service     CutV     Chan Service       Cutome 10 <sup>+</sup> Contrast <sup>+</sup> Contrast <sup>+</sup> Offenes     Service     Traver Monthalve     Exclusionation     CutV     Chan Service     CutV     CutV     CutV     CutV     CutV     CutV<	Select an object to see its properties
+			

2. Click the Queries folder.

jû.		2 ∽ ♂ ▷				Customer	churn information by zi	p code 🗸					~ ¢	ጸ @
