**Gift Cards**

**Objective:** To request gift cards in the Research Participant Payments (RPP) module in myUFL.

**Payment Type Overview:**

- Gift cards are preloaded, vendor specific, and available for single use (non-reloadable).
- Cost Analysis offers gift cards from several University of Florida approved vendors as physical (plastic) cards and electronic gift cards.
- In addition to recording the payment on the RPP Payment Log in myUFL, the study team will need to keep a record of gift cards issued. This can be accomplished with a receipt or log that includes the participant’s name, signature, gift card number, and date of issuance.
- Any unused plastic gift cards must be returned to Cost Analysis **within 60 days** of IRB protocol expiration date or conclusion of the study, whichever comes first. Returned gift cards will be refunded to the original funding source.

- **Note:** Electronic gift cards are **refundable**, however, submission of an additional form is required to ensure electronic cards have not been distributed to participants and remain active an unused.

To request this payment type, perform the following steps:
