

SCHEDULE OF COURSES WITH ONE.UF

[HTTPS://ONE.UF.EDU/SOC](https://one.uf.edu/soc)

- ONE.UF is a platform that provides convenient access to various functions for Faculty, Staff and Students. Schedule of Courses is one of the first modules available in ONE.UF. ONE.UF can be accessed from nearly any smart phone, tablet or desktop computer using one simple URL. ONE.UF modules will be accessible via the ONE.UF Dashboard or through a direct link to the module.
- The ONE.UF Schedule of Courses module is a convenient method for students to check courses, including days, times, locations, instructors, number of credits, etc. It is not a replacement for the current Schedule of Courses on the Registrar's website. The current Schedule of Courses remains available and accessible. The ONE.UF Schedule of Courses module is open to the public.
- ONE.UF is a "responsive design" which repositions the data for maximum viewing capability based on the mobile device being used. The Instruction Guide screen shots are from a smart phone; however, the "look and feel" are similar on all devices.
