

Creating and Using a Template Voucher

OVERVIEW

Create a template voucher to save and reuse voucher information for unencumbered vouchers. Retrieve the template voucher, and copy the voucher information into your new voucher. Reuse a template voucher as many times as you need. These are grouped in the system by Vendor ID. You may create and save template vouchers for different vendors. This instruction guide will show you how to create and save a template, retrieve it at a later time and copy its information into a new unencumbered voucher.

STEPS

A. To create a template:

1. Click **Nav Bar > Main Menu > Financials > Accounts Payable > Vouchers > Add/Update > Regular Voucher**.
2. Click the **Voucher Style** list.
3. Click the **Template Voucher** list item.
4. Click the **Add** button.

The screenshot shows a web-based form titled "Add a New Value". It contains several input fields and a dropdown menu. The "Business Unit" field is set to "UFLOR". The "Voucher ID" field contains "NEXT". The "Voucher Style" dropdown menu is open, displaying a list of options: "Adjustments", "Journal Voucher", "Prepaid Voucher", "Register Voucher", "Regular Voucher" (which is highlighted in blue), "Reversal Voucher", "Single Payment Voucher", "Template Voucher", and "Third Party Voucher". Below the dropdown, there are three numeric input fields: "Gross Invoice Amount" (0.00), "Freight Amount" (0.00), and "Misc Charge Amount" (0.00). The "Estimated No. of Invoice Lines" field contains the number "1". An "Add" button is located at the bottom left of the form.

5. In the **Template ID field** in the Template box, enter a keyword for later reference. For example, enter "Labs".
6. Enter a **Description** for this template that will help reference it later. For example, enter
 - i. "Template for LABS Inc."
