ADD A NEW PROGRAM/PLAN TO A GRADUATE CAREER WITHIN THE SAME MAJOR FIELD OF STUDY

This instruction guide will cover how to add a new degree to a graduate career. This is performed by Graduate Coordinators and Staff in the various colleges with the UF_SR_GRAD_STAFF_USER role. The Program Action is “ACTV” since you are activating the student in a new career number/stack. The Action Reason is “AMAJ” for Add a Major.

A new Graduate Career may be added for a student in SIS when he/she wants to earn another graduate degree in their major. For instance, a student in a master’s program would like to also earn a PhD in their major. In this case, the department may add the new Graduate Career in SIS as long as:

1. the student has Active-in-Program status and has not graduated
2. the student has not missed any terms
3. the student has not submitted an application through the UF Office of Admissions

Please Note: You do not need to add a new plan manually if the student has submitted an application through the UF Admissions Office. The Registrar will automatically create a new Graduate Career for the student when they have been admitted into the program.

The following are directions to manually add a Graduate Career for a Student:

STEP 1: NAVIGATE TO STUDENT PROGRAM/PLAN PAGE

1. Log into myUFL using your GatorLink username and password.
2. Navigate to NavBar > Main Menu > Student Information System > Records and Enrollment > Career and Program Information > Student Program/Plan Search
3. Enter the student’s UF ID, if known.
4. Click Search.
STEP 2: ADD NEW PROGRAM/PLAN

1. Click **Add** at the bottom of the screen.

2. Allow the **Academic Career** to pre-populate. If the field is blank, select **Graduate** from the drop-down menu.

3. Click **OK**.

Note: The requirement term determines the catalog year that will be used in the student’s degree audit for any departmental degree audit requirements.

12. Leave the Expected Grad Term blank.
13. Allow the Effective Sequence to default to 0. If another action is inserted on the same effective date, the effective Sequence will increment to 1.

Note: UF will not use the Joint Prog Appr or Dual Academic Program fields.

15. Allow Campus to default in.
16. Allow the Academic Load to default to full time.

Note: This is the approved academic load and does not reflect the student’s actual academic load in any term.

STEP 4: ADD A MAJOR

1. Click on the Student Plan tab.
2. In the Academic Plan field, enter the plan code for the desired major or click the look up icon and search for the major. In this example, the Academic Plan is the MBA in Business Administration (BUS_MBA).

**STEP 5: ENTER SUB-PLAN (CONCENTRATION) INFORMATION**

1. If the student should have a concentration, click on the **Student Sub-Plan** tab.

Appropriate default degree attributes for this plan will be applied within an hour during regular business hours. Once that occurs, you may return to this Stack and update the Additional Information tab if the student needs changes in this area. (See Instruction Guide “Change Attribute.”)
